**Subject:** Agenda for Monday  
EPA mtg agenda 112414.docx

Erin and Stephanie – Attached is a proposed agenda for Monday's meeting. As you will see, I added a discussion of the Modeling Approach items to this meeting. I figured we can cover mercury and selenium from 9-11, then discuss the modeling questions from 11-noon. We will need to be efficient and keep the meeting moving along, so any suggestions you have or additional precise questions would be great. Jennifer asked me if you could send a link to the EPA Guidance Criteria for Water Temperature so she can be prepared to speak to that. I can include the link in the agenda.

Thanks much, C.
